Norway Trademark Registration Costs and Registration Procedures

The legal basis of Norway trademark is the Trade Mark Act. Norway is a member of the Paris Convention and the Madrid Protocol. Norway adopts first-to-file basis for trademark protection. A trademark registration is valid for 10 years from the date of application and could be renewed for 10 years before the expiry date.

1. Norway Trademark Registration Fees

Services		Fees (USD)
Step 1: Pre-filing Search		
	First three classes	1,110
	Each additional class	280
(1) Pre-filing search is not compulsory in Norway. (2) Pre-filing search is limited to Norwegian Industrial Property Office's database only. (3) Pre-filing search report is delivered in 15 working days by email.		
Step 2: Trademark Registration Request		
	First three classes	1,610
	Each additional class	355
(1) Fees cover both our service fees and official filing fees. (2) Fees for trademark registration request listed above cover no more than 20 items of products or services in each class. Each item in excess of 20 will be charged with an extra fee of USD10.		
Step 3: Final Registration/Certificate		
	Each application	485

Note:

- (1) The fixed fees quoted above apply only to trademark applications which are unopposed and proceed without complication.
- (2) All fees quoted above do not include delivery fees.
- (3) Fee for claiming priority is USD165 for each application.

2. Calculation of Registration Costs

Example 1: One mark one class

If you want to have your trademark "ABC" registered in Class 25 (clothing, footwear, headgear), that is, one mark one class, the total fees for trademark pre-filing search, registration request and certificate are:

Pre-filing search: USD1,110
Request for registration: USD1,610
Final registration/Certificate: USD485
TOTAL: USD3,205

Example 2: One mark four classes

If you want to have your trademark "ABC" registered in Class 7 (machines and machine tools etc), Class 25 (clothing, footwear, headgear), Class 26 (ribbons and braid) and Class 27 (carpets, rugs and mats), that is, one mark four classes, the total fees for trademark pre-filing search and registration request and certificate are:

Pre-filing search: $1,110 + 280 = \text{USD}1,390$
Request for registration: $1,610 + 355 = \text{USD}1,965$
Final registration/Certificate: USD485
TOTAL: USD3,840

Example 3: Two marks one class

If you want to have your trademarks "ABC" and "DEF" registered in Class 25 (clothing, footwear, headgear), that is, two marks one class, the total fees for trademark pre-filing searches, registration requests and certificates are:

Pre-filing searches: $1,110 + 1,110 = \text{USD}2,220$
Request for registrations: $1,610 + 1,610 = \text{USD}3,220$
Final registrations/Certificates: $485 + 485 = \text{USD}970$
TOTAL: USD6,410

The costs illustrated in the examples above are based on the assumption of a smooth application, that is, no objection being raised by the Norwegian Industrial Property Office or any other third party. Also, the costs stated above exclude courier charges for sending the Power of Attorney and delivery of Certificate of Registration upon acceptance of registration.

It is further assumed that the number of items of products included in each class is no more than 20. Each additional item after the first 20 is charged at a fee of USD10.

3. Materials Required for Filing of Trademark Application in Norway

- (1) A Power of Attorney (to be provided by Kaizen) simply signed by the applicant.
- (2) A duly completed trademark search/registration order form (to be provided by Kaizen).
- (3) A soft copy of the trademark in JPEG format.
- (4) A copy of identity proof of the applicant (passport for individuals and Business Registration Certificate/Certificate of Incorporation for companies).
- (5) A priority document when priority is claimed (extra charge will be charged for filing priority claim documents).

4. Norway Trademark Application Procedures

- (1) Kaizen acknowledges the information including the specimens of mark, its goods/services and registration details, then provides the latest quotation, preliminary advice and classifies your goods/services;
- (2) After the quotation has been confirmed, client will be required to complete our Trademark Search/ Registration Order Form and send it back to Kaizen by email, fax or post;
- (3) Once receipt of the payment for pre-filing search, Kaizen will conduct the pre-filing search (if requested). The search report will be sent to client within 15 working days (based on the duration of the official search);
- (4) Client could refer to our analysis and suggestion in the search report and decide whether to file the application. Kaizen will file trademark application to the Norwegian Industrial Property Office upon receipt of your payment and instruction;
- (5) The Norwegian Industrial Property Office will conduct a search of the trademarks records to see if the same or similar trademark has already been registered or been applied for by another trader in the same or similar class. They will also see if the trademark satisfies the registration requirements laid down in the Trade Mark Act. If the requirements for registration are not met, the Examiner will object to the mark;
- (6) If the conditions for granting your registration are met, a registration certificate will be issued by the Norwegian Industrial Property Office. We will review and send the certificate to you;
- (7) After registration, your trademark will be published in the official trademarks gazette “Norsk varemerketidende”.

5. Time scale

Currently it takes around **3 - 6** months to get a trademark registered in Norway in a smooth case.

6. Payment Term and Payment Method

Our fees for each stage of an application are to be invoiced and settled before the commencement of each stage of service. If a China or Taiwan Value-Added Tax invoice is required, 7% or 5% additional charge will be incurred.

We currently accept cheque, cash, TT and credit card through Paypal (5% additional charge will incur for paypal). [Please click here for payment methods.](#)

7. Refund Policy

No refund of fees will be made after the commencement of services. For example, if we have conducted a pre-filing search and found an identical mark is already in the register, the application will not be proceeded, the fees for pre-filing search will not be refunded. If we have already filed an application and the application is objected by the Norwegian Industrial Property Office or any other party or refused, there will not be any refunded of fees.

In case you have paid our fees for all three stages of an application and the search result indicates that an identical mark is already in the register, the application will not be proceeded. The fees for services not performed, i.e., filing for application and issuing of certificate of registration will be refunded, after deducting bank wiring charge.
